INSTRUCTIONS: This is a closed book exam and no notes are allowed. You are not to provide or receive help from any outside source during the exam except that you may ask the instructor for clarification of a problem. You have three hours and you should attempt all problems.

- ***Print*** your name in the space provided and circle your instructor's name.
 - Calculators or other computing devices are not allowed.
 - Use the blank page at the end of the exam for scratch work.
 - **Except in the multiple choice section, you must show all work and give a reason (or reasons) for your answer. A CORRECT ANSWER WITH INCORRECT WORK WILL BE CONSIDERED WRONG.**
