MATHEMATICS
Undergraduate Poster Session

All undergraduates who have done research projects in pure or applied mathematics in this academic year (7/20/17-5/29/18) are invited to present a poster at the Department of Mathematics Undergraduate Poster Session. Projects may be big or small, part of a class assignment, done independently or as part of an internship, fellowship or senior thesis. All undergraduates may participate. *A prize will be awarded for the best project in both Pure Math and Applied Math, based on the information in the poster*. Posters will be judged on presentation, exposition and creativity.

1st prizes – iPad
2nd prizes - TBD

YOU MUST REGISTER IN 102 KEMENY

Poster session:
May 29, 2018 2:00-4:00 pm
1st floor of Kemeny Hall
